PRINCE2®: 2009 Practitioner Course

For: Project Managers, Team Managers and Team members

With: Responsibility for or involvement in managing projects

Duration: Five days

Summary

The **PRINCE2 Practitioner Course** prepares participants for the PRINCE2 Practitioners examination. Attention will be given to practical participation in a case study encompassing the most essential elements of a PRINCE2 project. Participants will explore the relationship between the Business Case and the project and develop specific PRINCE2 products during the course. The final day of the course will include the Practitioners examination. Some pre-workshop study is expected of the candidates' prior to attending the course. The course is accredited through OGC (formerly CCTA) and based on the 2009 version of the PRINCE2 manual.

Educational objectives

Following the completion of the course participants will be able to:

- Describe and apply all facets of the PRINCE2 Principles, Themes, Processes and tailor each to a specific project.
- Set up and manage complex projects
- Identify and control risks throughout the project
- Ensure a focus on quality is maintained throughout the project
- Monitor the objectives of a project and the essential adjustments needed to respond to changes in the environment.

Subjects covered

The following subjects will be covered during the course:

- Relationship between the Business Case, programmes and the project.
- PRINCE2® Principles – Continued business justification, Learn from experience, Defined roles and responsibilities, Manage by stages, Manage by exception, Focus on products and Tailor to suit the needs of the project environment
- PRINCE2® processes – Starting Up a Project, Initiating a Project, Directing a Project, Controlling a Stage, Managing Product Delivery, Managing Stage Boundaries and Closing a Project
- PRINCE2® Themes – Business Case, Organization, Quality, Plans, Risk, Change and Progress
- Examination technique for the exam

Prerequisites

Project Management experience and experience working in project teams. Some pre-read material is provided prior to the event, which is expected to be fully read and studied before attending the course. The Foundation exam must have been passed if attending the final two days of the course. This is an intensive course and some evening work will be required.

The Examination

The **PRINCE2 Practitioner** examination is a 2.5 hour multiple choice objective test examination consisting of nine questions based on a given scenario. Each question is worth 12 marks (108 marks in total) and tests your knowledge in terms of application of the methodology to the scenario and in general. As from 6 July, 2009 the pass mark for the exam is 55% (59 marks).

Please note that the APM require every candidate's identification to be verified by the examination invigilator. You will be required to produce some photographic identification before being allowed to take the exam.
